

Sponsorship Program Description

The Magnolia Soccer Club (MSC or Club) sponsorship Program is intended to supplement the current funding of our neighborhood recreational soccer club, where approximately 90% of our current revenue comes from player registration. The sponsorship program intends to:

- a) Increase the visibility of our local soccer club
- b) Build player registration and increase player retention into older ages
- c) Support local businesses and retailers with creative promotions and opportunities for exposure.

The Club strives to provide all of our Magnolia kids a memorable and lasting soccer experience. At the same time, the Club presents opportunities to play a team sport, hone the skills of a popular sport, make new friends, learn about their community, and perhaps move on to a more competitive Select Club. Regardless, MSC will be the first time our kids learn to trap and shoot a soccer ball and hopefully build a lifelong interest in the world game.

Your sponsorship donation will go directly to equip and prepare the players. Contributions will fund at least one full team jerseys and some of the equipment costs. Your donation will not be used for the Club's operating expenses such as field rental or administration costs. Your decision of sponsorship must be out of an interest and desire to help the community, to impart and nourish the values of sportsmanship, teamwork and fair play to the kids of Magnolia. Sponsorship does not give the sponsor any rights or privileges beyond these, including the operation of the Club, the board or selection of team and coaches.

In 2015 the Club saw over 850 kids participate in the fall season ranging in ages 5 to 18. That is over 500 families! I am sure that you have seen our kids proudly where their Magnolia Soccer Club jerseys all throughout the region.
